PRAYER FOCUS

Things we are asking God to do:

- 1.
- 2.
- 3.

Lord, we want our group
Christmas Presence Project to be based
upon Your Spirit leading us.
We want to bring You glory
and serve Your Kingdom together
in mission in our Neighbourhood.
Help us to get on board with what You are
doing. Help us to bring Your
presence to places where it is absent.

PROJECT GOALS

The **short term** goal of the Christmas Presence Project is to find a way that we can **serve** and **bless** others in our Neighbourhood together.

The **long term** goal is to learn as a developing Cluster to work together as a **community** of Christ followers in **mission** so they can develop appropriate long term neighbourhood missional involvements.

PROJECT DESIGN

- chosen, designed and implemented by the Cluster members
- designed to glorify Jesus by **servicing others** in our Neighbourhood
- designed to glorify Jesus by **showing our joy** and **bringing joy** to others in our Neighbourhood
- done with neighbourhood partners we can assist OR done as a project we initiate
- a project which will take 3-6 hours for its final execution
- a project which will include the active involvement of as many Cluster participants as possible
